

List your workshop locations on the EBLC Locator!

The EBLC Locator (<http://www.eblcprograms.org/evidence-based/map-of-programs/>) currently lists the license holders for each of the programs affiliated with EBLC (see list below). We will be adding more programs in the coming year, but for the time being, these are the only programs that are able to be listed.

If you are NOT a licensed organization, but offer one or more of the programs listed above on a regular basis and would like to be listed on the EBLC Locator, please follow the directions below to use the “pay-to-list” feature of the EBLC Locator. Please note: DO NOT purchase a location in the Locator if you DO NOT offer one of the programs listed on the Locator. You will not be allowed to add programs to the Locator, only locations.
